Logging into Your Library Account (Katalog Plus) for members or affiliates of the HSD according to [§ 9 HG NRW](#)

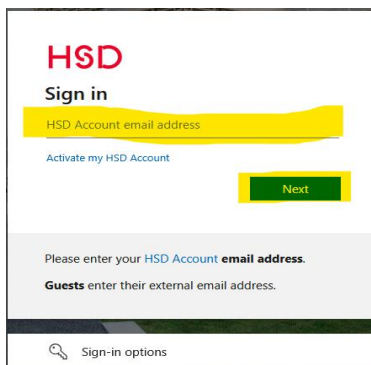

Members or affiliates* of the HSD, as according to [§ 9 HG NRW](#), should use the email address associated with their HSD account and the corresponding password to log in to their Katalog Plus Library Account.

Process:

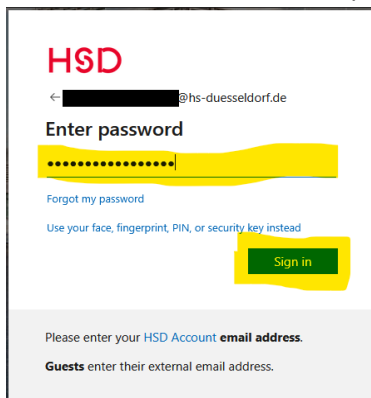

1. Open Katalog Plus and click “Log In”:

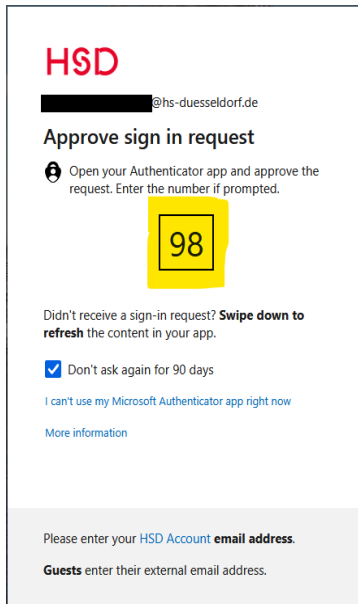

2. The Düsseldorf University of Applied Sciences login screen will appear. Enter the email address for your HSD account (ending in @hs-duesseldorf.de or @study.hs-duesseldorf.de). Click the “Next” button:

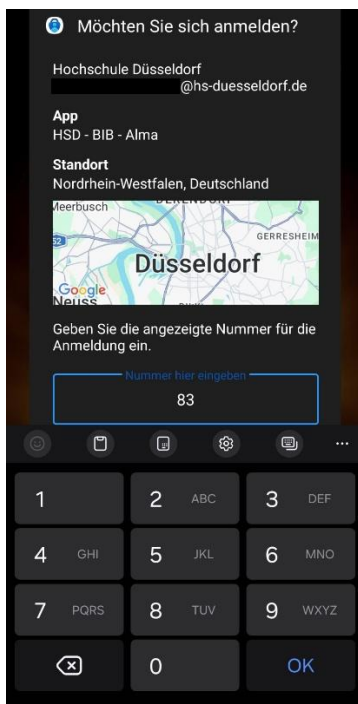

3. Enter and confirm the corresponding password:

4. Next, you will be asked to complete the multi-factor authentication process. You can do this either through the Microsoft Authenticator app or by using a time-based one-time password generated by a TOTP generator.
5. If you're using Microsoft's Authenticator app for authentication, the login window will show you a randomly generated number that you'll need to enter in the app:

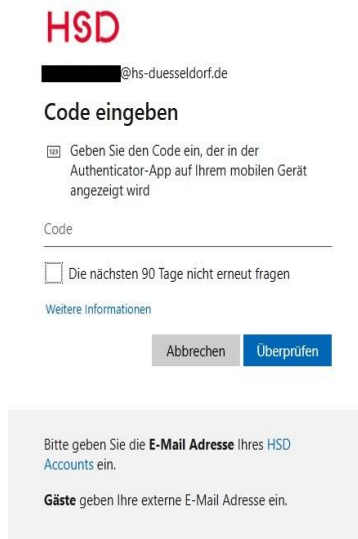

6. Either a pop-up window will appear on your smartphone, or you'll need to open the app yourself (this depends on how you've set up your smartphone and the app):

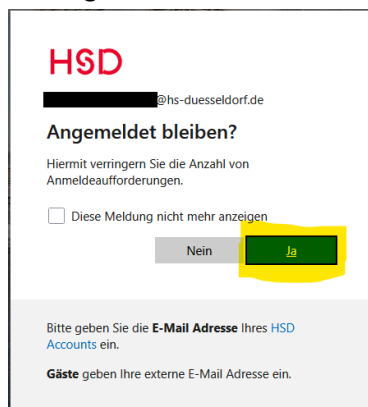

7. In the app, enter the number displayed and confirm your entry by tapping the "OK" button.

8. When authenticating with a time-based one-time password using a generator, you will be asked to enter a code in the login window that you generate with the generator:

The screenshot shows the HSD login interface. At the top is the HSD logo. Below it is a redacted email address followed by '@hs-duesseldorf.de'. The heading 'Code eingeben' is followed by instructions: 'Geben Sie den Code ein, der in der Authenticator-App auf Ihrem mobilen Gerät angezeigt wird'. There is a text input field labeled 'Code'. Below the field is a checkbox labeled 'Die nächsten 90 Tage nicht erneut fragen'. A link 'Weitere Informationen' is present. At the bottom are two buttons: 'Abbrechen' and 'Überprüfen'. A grey box at the bottom contains instructions for 'Accounts' and 'Gäste' regarding email addresses.

9. After authenticating, complete the process by confirming your login in the next window by clicking the "Yes" button:

The screenshot shows a confirmation window with the HSD logo and the redacted email address. The heading 'Angemeldet bleiben?' is followed by the text 'Hiermit verringern Sie die Anzahl von Anmeldeaufforderungen.' Below this is a checkbox labeled 'Diese Meldung nicht mehr anzeigen'. There are two buttons: 'Nein' and 'Ja'. The 'Ja' button is highlighted with a yellow rectangle. At the bottom, there is a grey box with instructions for 'Accounts' and 'Gäste' regarding email addresses.

10. You can find a more detailed description and instructions for multi-factor authentication here: [Instructions for Multi-Factor Authentication \(currently only in german\)](#)
